

# Voters Of County To Elect Seven Officers

MONROE County voters will fill seven county offices, help elect two state judges and ballot on three amendments to the state constitution in Tuesday's general election.

In addition, contests for township and borough officers will be decided. The polls will be open from 7 a.m. to 8 p.m. On the county level, there are contests for associate judge, sheriff, prothonotary and clerk of courts, register and recorder, commissioner and auditor.

Walter D. Heckman and Harry T. Hamblin are the De-

mocratic nominees for associate judge, while George Graff and Eva M. Taylor are the Republican candidates.

Incumbent Sheriff Jacob F. Altomere, Democrat, seeks to retain his post for another four years, with Melvin L. Reese, former State policeman, as his Republican opponent.

Clarence S. Rutt, Republican, seeks to replace N. Henry Fenner, Democratic incumbent, as prothonotary and clerk of courts.

Two Stroudsburg attorneys, James R. Marsh, Democrat,

and Edwin Krawitz, Republican, seek the nod as district attorney. The winner will replace Detlef A. Hansen, who did not seek reelection.

Floyd Butz, incumbent Democratic register and recorder, faces opposition from Mrs. Jeannette F. Batory, Republican nominee. John R. Lesolne and Willard L. Quick, Democratic commissioners, seek to retain their posts against C. A. (Phy) Nauman and Stanley B. Rader, Republicans.

Mahlon S. Beseker and James V. Cadue, Democrats, are opposed by Mrs. Mary Em-

ma Teeter Garcia and Mrs. Olive Brenn, Republicans for the two auditor posts.

On the state level, the only contests are for judges of supreme and superior court.

Michael J. Eagen, Democrat, is opposed by Blair F. Gunther, Republican, for the supreme court, and Harry M. Montgomery, Democrat, and Albert W. Johnson, Republican, are the candidates for superior court judge.

County voters will be asked to cast their ballots for or against these proposed amendments to the

state constitution.

1. Shall section four of article two of the constitution of Pennsylvania be amended to provide for annual regular sessions of numbered years limited solely to the enactment of laws raising revenue and laws making appropriations?

2. Shall section eight of article nine of the constitution of Pennsylvania be amended to permit an increase in the borrowing capacity of school districts from seven per centum to 15 per centum upon the assessed value of the taxable property therein and to

permit an increase in the indebtedness of school districts from two per centum to five per centum upon such assessed valuation of property without the prior consent of the electors thereof at a public election?

3. Shall section one of article eight of the constitution of Pennsylvania be amended to change the residence requirements for voting to provide that a qualified voter who moves from one election district to another within the commonwealth within 60 days prior to an election may vote at such election in the election

district from which he or she moved his or her residence? There are 18,866 registered voters in the county eligible to participate in this election.

Of these, 11,239 are Democrats, 7,397 are Republican, 131 are designated as non-partisan, 77 are independents and the Prohibition and Progressive parties have one each.

For the first time in this election, Middle Stroud Township voters will have two polling places. The district was divided by court order since the May primary.

## Court Bars Early End Of Walkout

WASHINGTON (AP)—The Supreme Court dashed government hopes Friday for an early end to the 106-day-old steel strike by agreeing to review a lower court's order that would send 500,000 steelworkers back to the mills for 80 days.

The action was a victory for the Steelworkers Union which challenged the back-to-work order on constitutional and other grounds.

It was a defeat for the Justice Department which had pressed the court to uphold the injunction, issued by a Pittsburgh district judge on Oct. 21 under national emergency machinery of the Taft-Hartley law. The injunction was upheld last Tuesday by an appeals court in Philadelphia, and the union carried its fight to the Supreme Court.

Arguments Tuesday. Acting in a brief order, the high court called for oral arguments next Tuesday. It kept in suspension the back-to-work order until it finally disposes of the case. It directed further that all legal briefs be filed by noon on Monday.

The upshot of the high court's ruling is that the steel strike—which has idled more than 800,000 workers—will keep going into next week, at least until the Supreme Court renders its decision.

In its appeal papers, the union filed a broadside at the legal underpinning of the Taft-Hartley law's strike-ending machinery, in use for the past 12 years.

Blasting back, the Justice Department said the union's arguments are "clearly without merit" and that "there is no need for further review by this court."

**Grave Question**  
In a 28-page petition, union counsel Arthur J. Goldberg said the case raises "questions of the utmost gravity" concerning "the scope of the district court's powers and discretion under the act, the nature of the proof required to support the findings as to peril to the national health and safety which the district court is required to make, the kinds of disputes which the act may properly be said to cover, and the constitutional validity of the entire scheme."

As for the 80-day "cooling off" period that would be enforced under the injunction, the union said this would avail nothing. This was an apparent reference to the lack of any further government weapons to prevent resumption of the strike if it is not settled during the enforced truce.

Earlier reports that 16 firms had submitted bids on Thursday were incorrect, the department said.

The unofficial low bidder was J. H. Beers, Inc., Bangor, RD 2, with a bid of \$3,765,539. The firm's bid was only \$119,127 under the next unofficial low bidder, G. A. and F. C. Wagman, Inc., Dallastown, who bid \$3,884,666.

The other bidders and the amount bid included:

James D. Morrissey, Inc., Philadelphia, \$3,897,758; Lyeon Construction Co., Inc., Williamsport, \$3,900,969; H. J. Williams Co., Inc., York, \$3,933,909; Herbert R. Imbt, State College, \$3,942,628; Berlanti Construction Co., Harrison, N. Y., \$3,959,614.

Glasgow, Inc., Glenside, Pa., \$3,983,339; J. Robert Bazley, Inc., Pottsville, \$3,987,461; Yonkers Contracting Co., Inc., Yonkers, N. Y., \$4,261,929; S. J. Groves and Sons Co., Camp Hill, \$4,264,602; Lane Construction Corp., Meriden, Conn., \$4,276,396; and George M. Brewster and Son, Bogota, N. J., \$4,644,129.

**To Resume Talks**

## Only \$57,235.23 Raised By Chest

THE Monroe County Community Chest campaign drive has netted but 66 percent of its goal of \$87,510 as the third and final week of formal report meetings came to a close yesterday.

To be noted is that not one of the campaign divisions has yet reached the quota designated for it at the beginning of the drive.

## Flames Ruin Tobyhanna Double House

TOBYHANNA — Fire of undetermined origin extensively damaged a two-story double house on Church St. here late last night.

The building had been vacant for about a week since the family of Mrs. Martha Chrisman moved out.

Coolbaugh Township Volunteer Fire Company, assisted by Tobyhanna Signal Depot firemen, battled the blaze.

The fire swept through the interior and caused a heavy loss before it was brought under control. The dwelling was said to have been purchased recently by a Philadelphia man.

## Politeness Proves Costly For Trucker

BEING a good samaritan doesn't always pay off. In fact, it can be expensive.

Edward E. Dreher, 44, Walnutport, RD 1, learned the hard way about 2:30 p.m. yesterday. According to Police Chief John B. Tretheway, Dreher was driving west on W. Main St. near Dreher Ave. when he pulled his coal-dusted tractor-trailer to the right to permit another truck, heading east, to pass.

Dreher got a little far to the right. Result: one Pennsylvania Power and Light Co. pole, complete with street light, knocked down. Total damage was estimated at \$100.

No one was hurt and no charges are being brought against anyone.

With only \$57,235.23 collected as of 4 p.m. yesterday, the bulk of the community's task still ahead is to pick up the \$30,000 deficit. This was the view of E. Holt Wyckoff Jr., chairman of the drive.

### Further Calls

He added: "Campaign members should clean up all of their calls in the various divisions. The campaign will continue until the quotas are filled."

The amounts taken in by the various divisions: Resorts, goal \$7,100, subscribed \$3,423.56;

Industrial, goal \$26,508, subscribed \$16,435.72;

Trade, goal \$14,413, subscribed \$10,520;

Professional, goal \$10,550 subscribed \$8,365.33;

Public Service, goal \$5,736, subscribed \$4,937.55;

Clubs and organizations, goal \$1,250, subscribed \$736.50;

Stroudsburg (house to house), goal \$2,053, subscribed \$1,078.54;

East Stroudsburg (house to house), goal \$1,100, subscribed \$949.28;

County (house to house), goal, \$4,300, subscribed \$2,128.75;

Barrett, goal \$12,000, subscribed \$8,500.

The chairmen of the divisions are: resorts, Robert Davenport; industrial, William Schiebel; trade, J. Lawrence Brown, John Wilson, Martin Ellsweig, and Jack Biermen; professional, Nelson Westbrook; public service, Chester Miller and Theodore Henning; Stroudsburg, Mrs. E. Holt Wyckoff Jr.; East Stroudsburg, Mrs. Evan Reese and Mrs. Joseph Bensley; and county, Mrs. James Cummings.

**U.S. Communists Seen Regrouping**

PHILADELPHIA (AP)—A Senate subcommittee Friday concluded a hearing that its chairman said showed the Communist Party in the United States is making an effort to revitalize itself.

Sen. Roman Brucka (R-Neb.) said he eventually will make a formal report on the findings from the two days of executive and public hearings.

At least 10 persons were injured in a 70-mile area north of Salt Lake City. The winds centered their violence on Ogden, with schools closed, and the roofs of homes ripped off and plate glass windows shattered.

The Rocky Mountain region and a vast plains area from the Dakotas southward was swathed in white.

**Scorpions Infest Storm-Hit Area**

MEXICO CITY (AP) — Mexico feared Friday night the death toll may reach 1,500 on the hurricane and flood battered Mexican Pacific Coast.

Survivors are being plagued by swarms of scorpions dislodged from nests uncovered by the violent destruction of adobe houses.

**Pleads Innocent**

LOS ANGELES (AP)—Dr. R. Bernard Finch pleaded innocent Friday of the July 18 gunshot death of his socialite wife and his murder trial was set for Dec. 2 in Superior Court at Pomona.

E. HOLT WYCKOFF JR., chairman of the Monroe County Community Chest campaign, and Mrs. Ethel West, executive secretary, illustrate the progress chart of the drive. Formal report meetings ended yesterday with \$57,235.23 collected, which was only 66 percent of the goal. (Staff Photo By MacLeod)

## U.S. Agrees To Close Five Bases In Morocco

WASHINGTON (AP)—The United States announced Friday its willingness to close down four strategic air bases and a naval base in the northwest African kingdom of Morocco.

The State Department disclosed that various proposals for arranging the withdrawal of U.S. forces from Morocco have now been presented to the government of King

Mohamed V.

These call for removal by stages of the base personnel over a period of years. There are about 8,000 to 9,000 American officers and men in the country. With their dependents they make a total of around 15,000 Americans stationed there.

The proposed withdrawal plans were presented to Prime Minister

Abdullah Ibrahim during conversations he held here two weeks ago with President Eisenhower, Secretary of State Christian A. Herter and other high U.S. officials.

**Demand by Morocco**  
The American proposals are a response to Moroccan demands for the United States to evacuate the bases.

The issue of withdrawal has been a hot one since the country obtained its independence in 1956.

One of the factors involved so far as the United States is concerned is the effect of abandonment of the bases on Morocco's economy. The American forces and their dependents spend an estimated 40 million dollars a year in the country.

For this and other reasons it is understood here the Moroccan government, which is considered friendly to the United States anyway, will be in no haste to force withdrawal of U.S. forces. A gradual removal would permit economic adjustments to lessen the impact.

The bases were developed on a crash basis at a cost of millions of dollars in 1950-51 after the outbreak of the Korean War.

**Range Increased**  
At that time the strategic airpower of the United States was built around the medium-range B47. In recent years the Strategic Air Force has been centered around the B52 long-range bomber and the Moroccan bases have become less vital to the Allied defense system.

The bases would still be useful, however. In war with the Soviet Union, B52s would be launched against Russian targets, then head for the nearest friendly base because their fuel supplies would be insufficient to take them back to continental U.S. fields.

**Carbo Enters Guilty Plea**

NEW YORK (AP) — Hoodlum Frankie Carbo, shadowy survivor of many an old-time gang war, pleaded guilty Friday to having an undercover role in boxing. He long has been tabbed as racketeer of the professional ring.

Carbo's capitulation marked the first time in more than 30 years that authorities were able to hang a rap on the 35-year-old mobster, known to the underworld as "Mr. Gray." Back in 1928, he served 20 months for manslaughter in the killing of a cab driver.

## Area Faces Floods, Shortages

PHILADELPHIA (AP) — A Senate committee was told Friday that Pennsylvania and states in the Delaware River Basin are facing two major water problems — shortages and floods.

The answer to these problems, witnesses testified, is in swift coordination of efforts by all interested agencies.

Sen. Joseph S. Clark (D-Pa.) told the committee the federal government must take the lead in this area.

The hearing was by the Senate Select Committee on Natural Resources, led by Sen. Hugh Scott (R-Pa.) and Sen. Philip Hart (D-Mich.).

**Reserves Drained**  
Scott asserted in opening the hearing at the federal court house "that expansion of population and industrial production have drained our reserves of water. We must harness, control and conserve our sources of water" not only for the present but for the future.

John P. Robin, chairman of the Delaware River Basin Advisory Committee, said there already is a shortage of water in some basin areas. He said Lansdale, Pa., and other areas of Bucks and Montgomery counties in Pennsylvania and New Castle County, Del., either now have water shortages or face such shortages "in the near future."

Joining Robin in this statement was Francis A. Pitkin, chairman of the Interstate Commission on the Delaware River Basin, representing state agencies from Pennsylvania, New York, New Jersey and Delaware.

**Help Needed**  
But even while this shortage exists, they said, the federal government must help in a flood damage reduction program in the same area.

Clark said the federal government should help implement interstate compacts on use and control of the Delaware's waters.

Other areas where the federal government should and can be helpful, he said, are: Providing funds to implement recommendations of the Army Engineers for control of the Delaware River; all-purpose studies of the Allegheny, Monongahela and Susquehanna rivers by the engineers and expanding public works and flood control programs.

Clark urged that the committee in its report to the Senate recommend a comprehensive new water resources policy giving more consideration to the needs of industrial states such as Pennsylvania.

**New Uses**  
Maurice K. Goddard, Pennsylvania secretary of forests and waters, said that unless the state's supplies are harnessed to meet impending needs there will be a critical water problem within 20 years. Goddard, speaking for Gov. David L. Lawrence, said that because of population growth and industrial expansion, "new uses for water are beginning to outstrip the supply."

He backed Clark's call for comprehensive development of the Delaware River for flood control, water supply and recreation.

William Voight Jr., executive director of the Pennsylvania Fish Commission, called for a federal study to find a solution to the problem of mine acid pollution of streams and rivers.

## Allen Visits Russian City While On U.S. Navy Cruise

A 21-YEAR-OLD Stroudsburg sailor has learned the meaning of the expression, "Join the Navy and see the world."

James Allen, son of Mr. and Mrs. Charles S. Allen, has returned to the United States after a seven-month cruise aboard the USS Maury, a geographical survey ship.

The last 25 days of the cruise, the Maury was in the Black Sea doing survey work for the Turkish government. Through special permission, members of the crew, including Allen, visited in Odessa, Russia.

During the seven months the Maury has gone from its Brooklyn Naval Yard base, the ship also visited Tangiers, Barcelona, Genoa, the Isle of Rhodes, Athens, Istanbul and Trapsion, Turkey, the latter the site of a U.S. Air Force base.

Allen, a fireman, is currently spending a 30-day leave at his home, 516 Main St. He will report to the Brooklyn Navy Yard on Nov. 24. He has 11 months to go on a four-year enlistment.

**Seven Tots Burn To Death As Mothers Drink At Club**

OTTUMWA, Iowa (AP) — Seven young children, trapped by fire inside a one-door house, died early Friday while their mothers were away at a private drinking club.

But a fireman's heroic determination saved their teen-aged baby sitter from a similar fiery death.

Fire Capt. Robert Knox groped through the fire and smoke filled two-room frame house three times before coming out with the 14-year-old babysitter, Sharon Ann Dooley.

Sharon and the seven children, with whom she was left to sit in the home of Patricia Van Horne, 28, had sought safety in the kitchen as the flames swept toward them from the combination living room-bedroom.

**Six In One Family**  
Mrs. Van Horne, who is on relief, lost all six of her children — Karen Rae, 9, Sharon Kay, 7, Patty Sue, 6, Leroy, 4, Debra Ann, 2, and Cynthia, 1.

The seventh victim was a daughter, Carla, 4, of Mrs. Van Horne's sister, Lorraine Campbell.

The two women, police said, were found about an hour and a half after the fire in a club where they had been for nearly six hours.

The fire was discovered shortly before 1 a.m. by the Van Horne children's grandparents, Mr. and Mrs. Thomas Anderson, who live nearby.

Knox, 44, entered the house but was driven back by smoke. He put on a smoke mask and climbed through the window.

**Close Together**  
"I bumped into one of the children and I felt another and felt another," he said. "I found the rest of the children right close together and I determined they all were dead."

"I spotted the other little girl (the baby sitter) just a little bit ahead."

Knox said he was coughing and other officers ordered him out of the house.

"I came back out but something kept eating at me. I just couldn't leave that little girl in there."

"I went back in and discovered she was breathing. I picked her up and got to the front door."

Sharon was critically burned over two-thirds of her body.

Fire Chief Harley McClure said the fire apparently started in a television set and spread to some curtains.

## Sunday School Lesson

## Description Of Early Jerusalem Church

By Newman Campbell  
Following Simon Peter's sermon at Pentecost, we have the first description of the early church in Jerusalem. It was a beautiful picture, and so is this, the second we are now to consider. Nothing but the gospel of the Lord Jesus Christ could create such conditions.

I am quoting (although not exactly) the Rev. Dr. Wilbur M. Smith's words in his opening remarks on today's lesson in Peloubet's Select Notes.  
"And the multitude of them that believed were of one heart and of one soul; neither said any of them he possessed what he owned; but they had all things common."

"And with great power gave the apostles witness of the resurrection of the Lord Jesus and great grace was upon them all."—Acts 4:33-34.  
"Neither was there any among them that lacked; for

as many as were possessors of lands or houses sold them, and brought the prices of the things that were sold, and laid them down at the apostles' feet; and distribution was made unto every man according as he had need."—Acts 4:34-35.

Now we are introduced to a man named "Joses, who by the apostles was surnamed Barnabas, (which is, being interpreted, The son of consolation), a Levite, and of the country of Cyprus, having land, sold it, and brought the money, and laid it at the apostles' feet."—Acts 4:36-37.

He became a familiar figure in the early church.

Now we will briefly tell the story of Ananias and his wife, Sapphira, who "sold a possession. And kept back part of the price," but "brought a certain part, and laid it at the apostles' feet. But Peter said, Ananias, why hath

Satan filled thine heart to lie to the Holy Ghost, and to keep back part of the price of the land? While it remained, was it not thine own? and after it was sold, was it not in thine own power? why hast thou conceived this thing in thine heart? thou hast not lied unto men, but unto God."—Acts 5:1-4.

Hearing these words, Ananias fell dead at the apostles' feet. His wife, Sapphira, not knowing that her husband was dead, also told the lie to Peter, and she too fell dead at his feet.

"And great fear came upon all the church, and upon as many as heard these things."—Acts 5:11.

In his suggestions for teaching this lesson, the Rev. Dr. Wilbur M. Smith writes that all classes in the Sunday school might be reminded that "in every

church there are different types of members—some help, some hinder... some throw themselves into the work of the church with all the energy and gifts they have, but some even use the church for selfish purposes. In our lesson today we have such a character as Barnabas, generous, helpful, full of wisdom, and such people as Ananias and Sapphira, who were a hindrance to the church by their selfish acts."

I think that it is important to impress upon the members of the classes that they should be truthful always. A person who gets the reputation of a liar, whether young, teen-age or adults, is never trusted. Jesus Christ never lied while He was on earth, and if we endeavor to be like Him, we will not, either.

"And by the hands of the

apostles were many signs and wonders wrought among the people; and they were all with one accord in Solomon's porch."—Acts 5:12.

"And believers were the more added to the Lord, multitudes both of men and women. Inasmuch that they brought forth the sick into the streets, and laid at the least the shadow of Peter passing by might overshadow some of them. There came also a multitude out of the cities round about Jerusalem, bringing sick folks, and them which were vexed with unclean spirits: and they were healed every one."—Acts 5:14-16.

We may not be able to heal the sick, but we can be loyal and useful to our church, unselfish in our lives, and take to heart the Golden Text given by Jesus Christ to His apostles.

Paul and Barnabas at Lystra.

"By this shall all men know that ye are my disciples, if ye love to one another."—John 13:35.

## Alarm Clock Will Be Topic Of Sermon By Elder Reiber

ELDER MILTON T. REIBER, pastor of the Stroudsburg Seventh-day Adventist Church, will preach on the topic, "No Alarm Clock!" today during the worship hour at 9:30 a.m. He stated: "Some people expect a stupendous event, like an alarm clock, to awaken them from their spiritual stupor, but for most of them, they will sleep through it."

Reiber will base his remarks on the scripture as found in Romans 13:11—"And that, knowing the time, that now it is high time to awake out of sleep: for now is our salvation nearer than when we believed."

The choir, under the direction of Thomas Foulkes, will sing, "Praise God the Father," by Gounod. Mrs. Leslie Drake will be at the piano. Senior Bible classes will study "The Stewardship of Time and Talents," based on 35 scripture-texts and study helps from the well known Christian volume, Christ's Object Lessons.

"The film," said Mr. Tedesco, "is two hours long and will be presented in its unabridged form. It was produced in Wiesbaden, Germany, and is an English Version with British actors. The film is an accurate documentary presentation of Martin Luther and the Reformation Period."

The Luther Film Promotional Center of New York states the following concerning this extraordinary documentary film: "Dr. Roland Bainton, professor of church history at the Divinity School of Yale University, served as a consultant on the script, together with eight others, for the motion picture. For the sake of authenticity, the film was produced in the 16th century monasteries, castles, churches and market squares of western Germany. The Evangelical Church of Germany gave help. People of all faiths participated on the project, among them outstanding artists and technicians of the Roman Catholic faith."

According to Mr. Tedesco, many people in this area have shown interest in authentic history of the Reformation period. These are being invited, together with the public, for this showing. Seats are free and no collection will be taken.

Rev. Charles A. Park, rector of the parish, stated that the living issue about saints is no longer whether they assist our Lord by their merits in man's redemption, but whether they surround and encourage us in our isolated Christian witness.

If God is really the God of the living, and all the martyrs, confessors, apostles, and holy men of the ages are alive with us in Christ, sharing the Church's triumphs and sufferings, then Christians can afford to be non-conformists in an evil world. Isolation is impossible for one whose concept of the universe includes all the faithful of all time as his friends and concerned contemporaries.

*Which of these  
Babies is J. D.?*

This is the nursery of a large metropolitan hospital. Six times a day these precious bundles visit their happy mamas. And every night their proud papas gaze at them through the glass. Nurses watch over them constantly. Doctors examine them daily.

But the statistics in the files of the police department cast a black shadow over this innocent scene. For one of these babies is J.D.

J.D. is short for a juvenile delinquent. And from police records and census figures we can estimate the proportion of new-born infants who will become juvenile delinquents in ten to twenty years. The one factor that threatens the accuracy of our calculations is that juvenile delinquency is increasing.

There are just two ways to deal with the problem. One is to enlarge our jails. The other is to give every child's spiritual well-being the same thorough attention that this hospital gives his physical well-being.

Is yours a church-going family? Is yours a religious home?

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The elevation of 28-year-old Raul Castro to a cabinet post in Cuba cannot be brushed aside lightly by our State Department. His appointment as head of the newly created Ministry of the Armed Forces is not just the quick success of a dictator-sponsored young brother.

It has more disturbing implications than that. For one thing, he strongly admires Mao Tze-tung and has spoken glowingly of the Chinese brand of Communism.

But there are also economic and national defense reasons for our uneasiness.

Cuba is a huge repository of iron,

manganese, copper, tungsten and other vital ores. During World War Two, it sent many shiploads of precious nickel to toughen the steel used in armament plants in the United States.

It ranks fourth among the nations of the world in iron ore reserves — something we don't want in unfriendly hands.

Moreover, the island itself is less than 100 miles from U.S. soil. Naturally, it becomes attractive to Moscow and Peking.

It should disturb us plenty, therefore, to witness the rise of a man as anti-United States as Raul Castro has shown himself to be.

Forty Acres And A Mule

George Sokolsky Says...

Rise Of Bigotry

My mail comes from many sources and often makes no sense, but the volume of hate material increases. Some of it is designed to destroy Jews and blames them for all the evil in this world, but these days most of it is aimed at Roman Catholics. The latest is a circular signed "International Ku Klux Klan/The Neophytes - affiliates/Formers Roman Catholics - now 'Christians'."

No address is given to which one can write to inquire what this is. But when I see a paragraph like this, it seems to me that some devils are at work to stir up trouble among Americans:

"Communism is a piker as compared with Roman Catholicism in her march toward world domination. Persecution at the hands of Communism can't begin to compare with the persecutions and deaths of Protestants down through the years at the behest of Roman Catholicism. (Rome is still out-of-bounds to Protestant worship.)"

To one who is neither a Catholic nor a Protestant, all this seems historically without any sense, because there was a time when all Christians were Catholics, Roman or Eastern.

Even after Nicea (325 A.D.) the divisions between Trinitarians and Unitarians did not produce as wide a split. Christendom survived the shock of a division of ideas.

The first great split came with the separation of the Byzantine Church from the Roman. This split, however, was ecclesiastical rather than theological. The Eastern Church is Catholic although it does not accept the authority of Rome. Some Eastern churches, however, have joined Rome but keep their own rites and many differences in the discipline of the clergy.

The widest split ever occurred after Martin Luther had established a form of Christianity, which while accepting the Apostle's Creed and the Nicene Creed, rejected the government of the Church by Rome.

At first these changes were principally ecclesiastical and political; subsequently Protestantism became increasingly individualistic in interpretation of Christianity until today there are more than 200 creeds and variations of creeds. But the essence of the Judeo-Christian civilization is the Natural Law.

Never before, during the entire history of Christianity, has any church encountered the organized power of atheism. This should give both the Christian and non-Christian pause because we live in a civilization which has been developing for at least 4,000 years and is based upon the development of thought and practice as they appear in the Bible, the Torah, the Prophets, the Talmud, the Apostles, the Church Fathers and the Medieval philosophers, Jewish, Christian and Moslem.

It would be error not to include in this the great thinkers of Greece and Rome, particularly Aristotle whose influence upon Christian thought has been enormous.

Today, for the first time in history, political atheism appears before us as a contestant for control of the thinking of men.

Khrushchev, without apology, declared himself to be an atheist and the United States, except in Pittsburgh, bowed to his atheism by avoiding the grace before meals which is essential in the thinking of both Jewish and Christian thought; namely, that no man is the author of his own life and his benefit, but that the fruits of the Earth and the grant of life itself come from God.

The grace before meals, particularly on public occasions,

is an essential acknowledgment of the dependence upon God. Unless we believe that, our particular civilization must collapse because we believe in social justice, the rights of the individual to form the pattern of his life, because we believe that in the eyes of God, all men are created equal and possess certain unalienable rights.

This doctrine is the basic philosophy of American life as incorporated in the Declaration of Independence.

I do not pretend to write a theological dissertation on the Natural Law and its relationship to American civilization, but I do make the point that the Communists and atheists can conquer us intellectually if we insist upon bigoted battling among ourselves over unrealistic issues. Let a man believe as he desires without smashing his neighbor's face for believing differently.

The hate organizations and the hate publications are damaging the United States because they divide the American people. The hate sheets are often so untruthful but there are some who accept anything that is printed as authoritative.

The menace is that those who accept this nonsense vote that way, teach their children to believe it, perpetuating hate for generations. American cannot afford such divisions.

Troubled Soul. Dear Abby: The best answer I can offer is to share with you this letter from a girl who has had to face the same problem. Hope you will profit by the wisdom in her thinking. God bless you and help you.

Dear Abby: I am 19 years old in a University student.

Tallulah Bankhead's 25 years of stardom. During which she had only one major hit, "The Little Foxes". Fred Waring's new album, "Broadway Cavalcade"... Nat (King) Cole's Copa performance—52 minutes at the mikes. Closest thing to a concert ever heard in a night club. His "Dinner For One, Please, James" specialty is Cole at his Very Best... The Knopf book exec raves about their new literary "find." They call him "another James Joyce"... He is Edward Adler, a cab-driver.

Fatti Page's decade of thrashing paying off with her thespian debut in the film "Elmer Gantry"... Alan Jay Lerner, co-parent of "Gigi" and "My Fair Lady," paying 2 million francs for a black crocodile coat in Paris... Deco's album of Al Trace's "Concert in the Sky" which insiders predict will be disc-jockey's pet... Castro's frequent top-blowing and blaming Americans for his enemies. So long as he doesn't blame us for his friends.

Hemingway shrugging off Moscow's invitation to be their guest. Said he was busy on another tour. Friends wonder if the real reason isn't that a new East Germany postal regulation banned his works from the mails as "pornography"... The new musical, "The Girls Against the Boys," which just added a ditty titled "Love Is" written by a chorus boy-dancer in the show... Some of the ads for "The Last Angry Man" movie, which are misleading. They are fashioned to make you think it is a gangster thriller. Ackchelly, it is the story of an elderly medic's struggles in a Brooklyn tenement district... The bitterness between comics Will Jordan and Lenny Bruce over who took whose quips... The swank Carlton House luncheon crowd ogling actress Margaret Leighton and husband Lawrence Harvey. La Leighton's millinery was the biggest slouch hat seen since the silent cinemas of the 1920's.

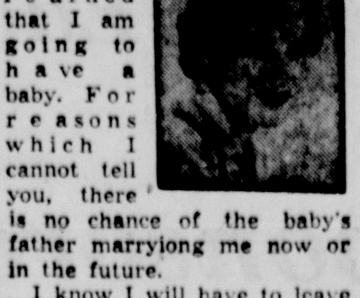

The colony host, Gene Gaillero, tactfully seating Colette Woods (Charles Amory's friend) and Mrs. Amory at tables where they couldn't swap glances... The Met Opera's star, tomorrow night, Jean Madiera, the first Caribbean of the season. She is an Ohio miner's daughter. She has lark'd Carmen in the world's leading opera temples... Lily Lodge, dight of our Ambassador to Spain, being bitten by the show-biz bug. One of the cast at the Palm Beach soon.

One of Manhattan's most publicized super spots which in dangling on a day-by-day cash basis. The owner's problems started when his rich married-backer learned of his teen-age crush and stopped buying his affections... Jerry Lewis telling pals he may play a week at the drums (Miami Beach Dream Bar) just for kix. He'd get union scale: \$125... The bright, young couple, who is in danger of getting a "message" from "the mob" because he allegedly is in hock to them for \$8,750.

Broadway's highest paid entertainers, Ethel Merman ("Gypsy") and Jackie Gleason and Walter Pidgeon (of "Take Me Along Run"), on the same producer's payroll, David Merrick... Alan Gale, who never appeared in a Broadway show, teesee, on a record or in a film, being another of the highest-paid performers. Gets \$12,000 a week at The International Cafe... Chuck Perry, the promising disc-singer, finding it too tough getting a break and taking the job of doorman at The Hob Nob, Eating Insurance.

Abigail Van Buren Only You Know Answer

Dear Abby: I will make this short although I could write a book about it. I am a Sophomore in college. I have just learned that I am going to have a baby. For reasons which I cannot tell you, there is no chance of the baby's father marrying me now or in the future.

I know I will have to leave school and return home pretty soon. My greatest problem is whether I should keep this baby or give it up for adoption. I have cried and prayed but the answer doesn't come to me. Can you help me?

Dear Abby: I am 19 years old in a University student.

Dear Abby: I am a member of a family who recently lost an aged and beloved mother. We are being severely criticized because we did not all go to the mortuary the day before the funeral.

We all loved our mother very much. We're very emotional and did not want to display our grief publicly. In her death notice we published the fact that we would receive friends and relatives in my home, which is a few blocks from the mortuary. We requested the casket be closed during the funeral services as we didn't want the agony of viewing her for the last time. Do you think we were disrespectful to our mother?

U. S. Planes Endangered

rights in destroying planes that "violate our territory," the Kremlin ruler demanded, "Wouldn't you do the same?" Nixon replied he knew of no U. S. planes that had ever flown over Russian territory.

Sensational Plan—The U. S., Britain and Russia would reveal their greatest military secret—the number and kind of nuclear weapons they have—under a spectacular new disarmament proposal.

It is being considered by that little-known group of experts appointed by President Eisenhower last summer to make a "fresh search" for a disarmament program to be presented to the United Nations, possibly before the end of this year. In effect, this plan will be the U. S. answer to Premier Khrushchev's grandiose proposal to abolish all armaments over a four-year period.

Crux of this backstage "fresh approach" disarmament concept is the establishment of a new world body with authority to collect detailed information on all weapons—conventional as well as nuclear, rockets and ballistic missiles.

This vital data would then be the basis for specific disarmament measures.

Significantly, France favors such an approach. This French support has been expressed in private talks with State Department and other officials.

Charles Colledge, Boston attorney, is chairman of the unpublicized group of disarmament planners. For some unexplained reason, the names of the other 18 members have not been announced. Inquiry regarding them disclosed they are deemed "private."

However, it can be revealed that three of them are Richard Lehigh, president, Itel Corporation, Waltham, Mass.; Guido Perera, Boston; and Admiral Arthur Davis, ret.

Authors — The Supreme Court is the subject of a book being written by the daughter-in-law of former Secretary of State Dean Acheson. Mrs. David Acheson, wife of his lawyer son, and a Bryn Mawr graduate, says she is "about half finished" with this volume. The mother of a daughter and two boys, Mrs. Acheson is also the author of "America's Colonial Heritage" and "Our Federal Government."

Admiral Hyman Rickover, "father" of the nuclear submarine, who recently won a resounding copyright victory in federal court, is addressing a special convocation of Texas Technological College at Lubbock. The famed nuclear expert is doing that as a special tribute to Representative George Mahon, who comes from Lubbock and is chairman of the potent Military Appropriations Subcommittee.

Social Whirl — It's a little early, but Mrs. Wiley Buchanan, wife of the State Department's Chief of Protocol, has a stunning gift. It's a "rapturous" diamond necklace to commemorate their 20th anniversary — next April. Her husband gave it to her now and she is delightedly wearing it because, explains Mrs. Buchanan, "Wiley doesn't see why I shouldn't have it and wear it during this winter's social season."

Mrs. Neil McElroy, wife of the Secretary of Defense, is giving friends another reason why he is quitting by the end of this year. According to Mrs. McElroy, her doctors banned her participating further in Washington's hectic social life, and told her she had to return to their quiet home in Cincinnati.

These maps show an elevated highway, constructed with fill, traversing this potential flooding area from Bridge Street in Stroud Township to the hill in back of the Richfield Service Station on West Main Street. The Route 209 underpass and a culvert for the Little Pocomo Creek at the vicinity of the Richfield Station are the only two openings under this stretch of elevated roadway. This elevated highway will, in reality, become a dam when flooding waters leave the creek west of Bridge Street and flow through this area.

Will this area become flooded again? Take a look at the Pocomo Creek channel west of the Bridge Street bridge.

The dikes and walls, that were mentioned in your editorial-of-facts, have not become a reality; and, we are told, are not even in the planning stage because there is no money to fulfill this promise.

The 1955 flood destroyed the five-to ten-foot stone cribbed dike that was built in the 1930's and prevented numerous floods up to 1955.

This condition has been constantly brought before our Stroud Township supervisors. In August the supervisors were asked to have officials from the Highway Department and the Department of Forest and Waters attend a September meeting with the people of this area to explain their answer to this condition. Up to the time of the October meeting nothing was accomplished.

The Question Of Clause 2-B

The chief stumbling block in the steel strike, as most people know by now, is not so much a disagreement on hourly wage rates as on the union working rules embodied in that part of the old contract known as clause 2-B.

Clause 2-B is complicated enough to puzzle a Philadelphia lawyer, but as interpreted and applied it makes it very difficult for the management of a steel plant to alter work rules in the interest of efficiency. The steel companies still resisting the strike have proposed that any suggested changes in work rules be submitted to arbitration. The union resists any changes in work rules and insists upon retaining clause 2-B intact in any new contract.

Well, Detroit Steel Corp. and the Steelworkers union signed a separate agreement this week. But the old contract between Detroit Steel and the union did not include clause 2-B nor any clause comparable to it. And the union, in reaching a settlement on wages, did not ask that such a clause be included in the new contract with this company.

It seems to us this raises an interesting question. If the union is perfectly willing to settle with one steel company without insisting on clause 2-B at all, why is it so adamant against even a reasonable modification of clause 2-B with other steel companies?

Reports From Congress

School Bill Study Due

By Congressional Quarterly Washington — The House General Education Subcommittee Nov. 5 will try to get together on a school construction bill President Eisenhower would sign.

The meeting will be the first formal effort by the House since Congress adjourned to work out a compromise bill. House liberal Democrats spent the 1959 Session of Congress pushing a broad measure calling for \$4.4 billion in Federal grants over four years to build school and raise teachers' salaries.

This so-called Murray-Metcalf bill bogged down in the House Rules Committee. The upcoming compromise session finds the nucleus of a citizens' committee waiting anxiously in the wings. Subcommittee agreement Nov. 5 will be its cue to heat the drums for the compromise school bill.

George J. Hecht, president and publisher of Parents Magazine, heads this citizens' committee. He helped trigger the compromise meeting itself through discussions with Rep.

Inside Washington

Networks Forced To Act

Washington — The nation's television broadcasters are working feverishly to organize some sort of self-policing association in an effort to head off tough congressional action on the problem next year.

The scramble for self-control stems, of course, from disclosures of widespread "fixing" of highly rated quiz shows. As a result of testimony before a congressional committee, many members of Congress have indicated a deep interest in legislation to check the abuses.

On the theory that any federal legislation will be tougher than needed and would be a burden on orderly operation, the television industry is trying to hammer out some formula similar to the ones which set standards for the movie industry and for sports enterprises.

However, inter-industry rivalries are putting road blocks in the way of the effort. CBS and NBC, for instance, are currently engaged in a front-page dispute over how to handle quiz shows in the future.

CBS has announced they are withdrawing all such shows from the video screen. NBC plans to retain some of its shows, contending they are honest, good entertainment and are wanted by the public.

Taft-Hartley — Despite all the emotionalism that has surrounded the use of the Taft-

Hartley injunction procedures to settle labor disputes, the record shows that out of 15 cases over the last dozen years, only two have failed to reach a settlement.

In all instances, there are indications that the "cooling-off" period has encouraged sober discussion of the issues and that labor appears to have won in most of the settlements.

Oddly, former President Harry S. Truman, who saw the Taft-Hartley law go on the statute books over his veto, used the machinery it provided 10 times in five years. President Eisenhower, until a few weeks ago, had used it only five times in seven years.

In the opinion of most labor experts, Taft-Hartley procedures are a step in the right direction, but not complete enough to be a fair and reliable "tool" in settling disputes.

There is much talk in Washington of setting up some kind of permanent fact-finding organization which can move in on serious disputes early and make recommendations.

In any event, Taft-Hartley's history over 12 eventful years shows that it has not been used indiscriminately by either a Democratic or a Republican President. And the record shows it has worked to the benefit of labor as well as management and the general public.

Try and Stop Me—by Bennett Cerf

In a smoke-laden room some grim-faced gangsters, their sleeves rolled up, were intent upon a big-stakes poker game, when two kids suddenly appeared. "Uncle Desmond," piped one, "Ya gotta show this cube of a friend of mine! He's so square he won't believe you can deal yourself any hand I call for!"

Bill Boyes, of Portland, Oregon, heard Johnny Ray sob his way through a dolorous ballad, and observed, "Don't know what to call him, but he's mighty lachrymose."

# Small Game Season Opens This Morning

## State Sees Heavy Bag Of Birds

HARRISBURG (AP) — Weather prospects improved Friday to give impetus to nearly a half million hunters expected to take to the fields Saturday for the opening of the state's small game season.

Earlier forecasts of rain changed to forecasts of cloudy and cool weather, with no rain expected now until Sunday.

The Game Commission said the hunting should be good for pheasants, wild turkeys and ruffed grouse. These game birds had a good hatching season in May and June.

### 5 p. m. Cease-Fire

Rabbits, squirrels and bob-white quail also become legal game with the opening of the season at 8 a. m. The season runs until Nov. 28 at 5 p. m., except for wild turkeys, which closes Nov. 21.

The opening of the small game season also signals the close of the archery season on deer, which started Oct. 3.

Bag limits, length of seasons and other regulations in effect this year are similar to last year's. That includes the daily close-fire time at 5 p. m. (EST) tomorrow and thereafter. Harrisburg reports some misunderstanding among hunters on that score.

## Police To Crack Down On Youths Found Loitering, Creating Annoyance On Streets

A CLAMPDOWN on young people who create annoyances on the streets of the borough was ordered yesterday by Stroudsburg Police Chief John B. Tretheway.

He said the police department had received numerous complaints from residents, businessmen and the traveling public that entrance and exit at the various business establishments is made almost impossible on occasions when the "beatnik crowd" gathers in large numbers.

Patrons are frequently insulted by the gangs that congregate on the sidewalks, he added. Chief Tretheway said the young people often become boisterous much to the disturbance of nearby residents.

Many business places report that travelers, when they see the youth gangs lingering around establishments, decide against stopping in the community and a serious loss of trades is resulting.

Chief Tretheway appealed for the cooperation of parents in halting the practice. He said steps will be taken to force compliance with the law and prosecutions will follow.

## Two 19-Year-Olds Jailed Following Assault Hearing

TWO 19-YEAR-OLD Tannersville youths were committed to Monroe County Jail last night in lieu of \$300 bail on charges of assault and battery.

James J. Megrosky and Richard J. Luciano admitted they were with a group of youths who took candy and other foodstuffs from a group of girls who were trick or treating in Stroudsburg Wednesday night.

But, at the hearing before Peace Justice John C. F. Foleker of Stroudsburg, they denied that they touched any of the girls.

Basis of the assault and battery charge was a statement by one of the girls that one of them held her with an arm around her neck while another took candy from her.

Megrosky and Luciano were fined \$10 and \$9 costs at a hearing before Peace Justice Jack A. Wyckoff of East Stroudsburg Thursday on charges of disorderly conduct.

The latter counts grew out of a similar incident in East Stroudsburg on the same night.

Three other youths have been released in the custody of their parents for juvenile court action.

**Don't You Think  
It's Time For A Change?**

Nov. 8, 1955, the Democrat County Committee promised in the "Daily Record": —

"To assure yourself of an honest government, a sound and economical administration, and to avoid an increase in taxes . . . vote the straight democratic ticket on Nov. 8th!"

In response, the people elected the democrats and they immediately enacted the following tax:

**INCREASED COUNTY TAX**  
from — 11 mills — republican 1955  
to — 14 mills — democrat 1956

The democrats also **INCREASED** expenditures:

from — over \$450,000.00 — republican 1955  
to — over \$635,000.00 — democrat 1956  
to — over \$701,000.00 — democrat 1957  
to — over \$825,000.00 — democrat 1958

In other words, almost **TWICE AS MUCH IN DEMOCRAT '58 AS IN REPUBLICAN '55!!**

**ALL OF THE ABOVE FIGURES ARE AUDITED AND APPROVED BY THE DEMOCRAT CONTROLLED COUNTY AUDITORS!**

And, of course, we can't tell you what the 1959 figures might be because they won't be final and ready for audit until 1960.

**FOR LESS TAXES — AND LESS EXPENSES — VOTE REPUBLICAN

## The TRUTH About This Campaign

The Republican Party in the 1955 campaign on Oct. 31, 1955 advertised in The Daily Record that there was a balance in the County General Fund of \$64,810.24.

The spokesman for the Republican Party on Oct. 28, 1959 is reported to have said that the Democratic Administration upon taking office on Jan. 1, 1956 increased the County Tax from the 11 mills of the last Republican year to 14 mills, and that the Republican Administration left the Democratic Administration with a balance of \$126,000 and there should have been no reason to increase the County Taxes.

The above attempt to belittle — yes, even insult — the intelligence of Monroe County's Citizens is offensive and high handed — a desperation win-at-any-cost maneuver.

## AGAIN THE TRUTH IS:

The Democratic Party, upon taking office in January of 1956, found that the County did not have sufficient funds to pay all of the current bills. The truth of this assertion appeared in the editorial of The Daily Record on Jan. 5, 1956 and is reprinted here in full:

## The Daily Record EDITORIAL PAGE

### "Full, Complete Report On County's Fiscal Affairs Due Taxpayers Before Tax Is Levied

Taxpayers of Monroe County had a rude awakening yesterday morning with disclosure by the new Board of County Commissioners that outstanding bills and commitments over-balance cash on hand in the general fund by some \$1,000.

This lopsided, in-the-red situation, still under study by the Democratic controlled board of commissioners, follows sharply on the heels of a bitter campaign during which Atty. Leo Achterman, spearheading the Democratic drive for office charged the county was in a bad fiscal condition.

His charges and other statements he made, particularly about the reassessment program, formed the basis of a libel action filed by the Republican Commissioners W. Adolph Rake and Amzi F. Altomose.

In at least one respect it would appear Mr. Achterman, now County Solicitor, was correct—the fiscal affairs of the county insofar as current operations are concerned are not good.

Faced with the prospect of borrowing money, the Democratic controlled Board of Commissioners may turn to tax anticipation notes as suggested tentatively by Achterman, or may use some other means.

Their action will probably be delayed

until a full and final check of the county's fiscal affairs is completed to provide a positive, accurate picture.

The fact remains, however, that taxpayers of Monroe County are faced with the prospect of borrowing money to operate county affairs, pay bills and commitments, until taxes for 1956 are received.

From the standpoint of bonded indebtedness, the county's credit is apparently excellent. Bonded debt is represented by some \$20,000 in Road Bonds, and there is available some \$20,000 in Government bonds which can be used to pay that indebtedness when it comes due in June.

Of course, the big question in the minds of most taxpayers must be—"Just How Did The County's Fiscal Affairs Get In The Condition They Are"—and "What Will This Condition Mean When It Comes To Imposing A Tax For 1956."

Of immediate importance is a full and complete report on every detail of the county's current fiscal affairs as soon as all the facts are established and just how they happen to be in the condition they are.

After that it will be incumbent on the Board of Commissioners to invoke every economy within the bounds of good government to hold the tax line."

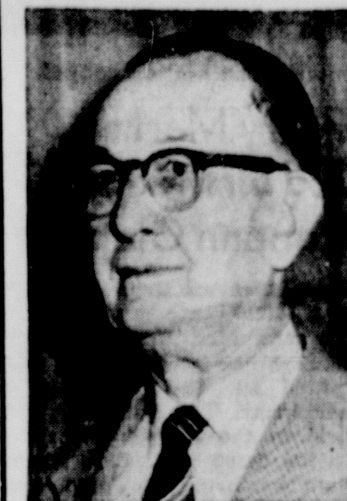

The Democratic Administration in the four years have operated so economically that all bills are being paid promptly, and this they have done by reducing your tax millage from the 11 mills levied by the Republican Administration to the present 6 mills levy. You can verify the truth of this statement by examining your own 1959 tax bill, and you will find that the millage for general county purposes is 4 mills and for institution purposes 2 mills. You have experienced a sound and economical administration of your county affairs, and to continue such administration, vote straight Democratic on Nov. 3, 1959.

# Just Between Us—

—By Bobby Westbrook

Maybe the patience and the candy will last one more night, but I'm not sure that the householders' legs will. From every side I've heard complaints: "I don't begrudge them the candy, and I like to see the neighborhood children, in their costumes, but I haven't had a chance to sit down any night this week with the constant stream of perfect strangers for 'Trick and Treats,' runs the general theme.

It is getting to be rather a racket, I'm afraid. No longer do children canvass only the homes of their friends in their own neighborhood but they try to cover both towns. No wonder they take a week to "Halloween" when it used to be confined to Doorbell Night, tick-tack night, and Halloween and no "treats" either.

Moreover, the kids are getting critical of the "treats" themselves. Anything less than a nickel candy bar is looked on with scorn. In fact, I have a speaking suspicion, that they begrudge the fact that no longer are there cantankerous characters to come storming out to chase them away. Too much sweetness and light and weary compliance takes all the "trick" out of trick and treat, and puts it more nearly in the realm of pan-handling.

## Ramsey Parents Initiated Into Conceptual Approach To Structural Arithmetic

Puzzled parents of the Ramsey Parent-Teachers Assn. who have been trying to help their children with arithmetic now have a clearer idea of the procedure being followed in the Stern's Method of Teaching Arithmetic in the elementary grades.

With Roger Dunning, elementary supervisor, serving as co-ordinator teacher for the first three grades demonstrated the material used in teaching the concept of numbers in succeeding stages at the Ramsey PTA meeting. The method, developed by Catherine Stern, is essentially a demonstration method of structural arithmetic.

Dr. Stern, who received her doctorate at the University of Breslau taught in a number of schools before founding her own school where she studied and tested the structural method. It seeks to develop a general understanding of the number system by the means of concrete devices which have the properties of abstract numbers.

By the conceptual approach, children are taught to measure rather than count, and learn through experiment and discovery rather than explanation and drill.

Miss Frances Everitt, Mrs. Clifford Farnsen and Mrs. J. Allison Everitt demonstrated the method for their respective grades.

Lloyd Manter, vice president, presided in the absence of William Koppenhaver.

## \$10 For Each Room

The group voted to give \$10 to each teacher to be used to buy equipment or material for her own classroom. Mrs. Henry Baustien reported that \$118.25 had been realized for playground equipment during tag day.

A membership drive will be held in November when parents will be notified of their part in the drive. Open house will be held at the school in December.

Refreshments were served after the meeting by Mrs. Lloyd Manter, Mrs. Mary Schlorhoitz and Mrs. Eva Schuman.

## GOOD COMMON SENSE!

Remember Eva Taylor at the polls for the post of Associate Judge. At the age of 62 she has had a wealth of experience in dealing with people. The warmth of a woman, the wisdom of a mother; the clear insight into the souls of people of all sorts; here is truly the person to fill the post of Associate Judge with the honesty and integrity required for such an august office. Who would be more able to lend an assist to the President Judge in the event a problem arises when the Judge needs the logical, sensible opinion of an outside thinker, than a woman with years of experience as a wife, mother and grandmother? # OFF THE RECORD

By Bob Clark  
Sports Editor

It's that time of the year when sportswriters all over the country are asked to pick All-America football teams on the big college and small college level and also on the scholastic scale. Some punch typists are also asked to dig deep into their "expert" minds and come up with an outstanding college player in the nation.

This year selectors on the college front will have to "guess" over an extra problem set up by the change in rules whereby coaches were permitted to substitute more freely and, many times, in units.

College football today, where the man power is available, is a two unit type of play, not the 60-minute type of grid play of yesterday. Unlimited team substitutions, of course, is not permitted as in the two-plateau days. The rules makers permit the free entry of one player when the clock is stopped, but this opens the door a wee bit wider and more players are getting into action.

As a result, many of the pre-season All-America selections have found they are riding the bench a bit more, as the coaches send in fresh men to carry on. And, if such has been the case, the All-America selecting should be opened wider, too as more players seek the honorary awards.

The stars of last year, who returned to action, are with us again but many of them are being pressed for honors by a new wave of players who have found a chance to play through the substitution rule and through key injuries which have cut down the activity of the regulars.

All-America selecting is, of course, just so much reader interest and this corner, like so many others, is guilty of the practice, too.

In the over-all picture, however, how silly it is to pick one college or schoolboy player from some 18,000 collegians and thousands of schoolboys in the state who play in all types of leagues and say he is the best. Or to name 11 or 22 from across the nation or in a certain section and say they are the best in the land or of that particular state or area.

On the college level, it is an impossible task, of course, and proof that so many are left out in the cold is professional football league draft, where unknowns are picked up to become stars in the big league—pro circuit.

The same is true on the scholastic side when we try to name the 22 best schoolboys in Pennsylvania when we actually only glimpse two teams regularly and possibly 20 over-all from one section which is only a small part of the Keystone.

From here all a man can do is "pick" the best he saw. And if he did that then you'd have 100 "all-alls" all made up of different personnel. What a conglomeration of material that would be.

Since way back when sports writers have been picking 'em and will continue to do so until death do them part. And, of course, we'll be a part of this seemingly foolishly brigade because of the simple reason John G. Public likes to read about them and argue pro and con on how wrong and right the selector was in his choices.

After all John G. pays our freight and our fraternity of dumb-bells know what side their bread is buttered on. Oh well, maybe we'll pick a back from Podunk and a lineman from a Seawash, call a few sports writing friends on other papers and ask them to plug the fictitious lads just to prove to ourselves how foolish we are.

## E-Burg Away In Crucial L-N Battle

WITH the lead in the Lehigh-Northampton League at stake, East Stroudsburg High's eleven invades Hellertown today to battle the pacesetter Panthers. Game time is 2 p.m.

The Cavaliers of Jack Kist boast a 3-1 L-N record and a second place position in the circuit. Hellertown is unbeaten in four league tilts. A Cavalier victory will send Kist's forces into a tie with the Panthers for the lead.

East Stroudsburg drilled all week on its own offense and defense and ways to stop Hellertown's taunted overland and passing attacks.

### Hold Edge

Against opponents each team has met, the Panthers hold a "point" edge. East Stroudsburg nipped Wilson, 6-0, while Hellertown dumped the Warriors, 20-0. East Stroudsburg whipped Parkland, 34-6, while the Panthers blanked the Trojans, 39-0.

Hellertown has only one loss on its card this year and that was to non-league foe, Wilson, of West Lawn. The down-staters bested the Panthers, 20-12. Over-all Hellertown owns a 4-1 log.

East Stroudsburg has suffered only one setback also and that was to Pen Argyl, 7-0. However, the Cavaliers were in two tie games with non-leaguers, Slatington and Lehighton, to make their record read, 3-1-2.

### Probable Starters

Kist is expected to start the same lineup which has prevailed in their last two wins. In the backfield will be rapidly improving quarterback Jack Fellman, speedster halfbacks Brian Farris, Harold Myers or Mike Puzio and bread and butter fullback Vic Aiglin.

On the line will be Bob Herman, Ray Uhl, John Sandstrom or Bill Hillman at ends; Vince Patella and Captain Foster Ladlee at tackles; Tom Rohner, Joe Steele or Mike Boushell, guards, and Bill Schouppe.

### Murtaugh Inks \$30,000 Pact

**PITTSBURGH (AP)**—Manager Danny Murtaugh signed his 1960 contract Friday for a reported \$30,000—confident his Pittsburgh Pirates can make a run for the pennant next year.

"What we need is another long-ball hitter to go with Dick Stuart and possibly another left-handed pitcher and we'll give 'em hell," the smiling Irishman told a group of newsmen at a luncheon.

This will be Murtaugh's third full season at the helm. He took over in midseason in 1957 after the firing of Bobby Bragan and finished second. Last year the Pirates finished in fourth.

### Industrial Loop At Harmon's

**INDUSTRIAL** League will roll at Harmon's Recreation today. Schedule follows:

Alleys one and two—Ballantine vs. Varkony's, 1 p.m.  
Alleys three and four—Harmon's Recreation vs. Daily Record, 1 p.m.

## ESSTC To Invade Bloomsburg

SEEKING its fourth victory and also an assurance of at least a 500 season, East Stroudsburg Teachers journeys to Bloomsburg today to meet the Huskies in a Pennsylvania Teachers Football Conference game. Kickoff time is 1:30 p.m.

**Coach John Gregory's Warriors** are 3-2-1 on the season and a victory will give the "Hill" eleven a sure 500 mark with only two games remaining.

In the teachers loop, ESSTC is 2-2 and holds down the fifth spot in the standings. Bloomsburg owns a 1-2 league record and is in the second division of the 14-school circuit.

### Homecoming Day

The contest heads a huge homecoming day program at Bloomsburg and a capacity crowd is expected to view the Warriors-Huskies setto.

East Stroudsburg will probably go with the same personnel which has played in most of the games this season.

At ends four players will be in and out. They are Mike LaTronda, Moe Barber, Ken Hendricks and Ernie Gromlick. Tackles will come from Russ Rogers, Al Wilgard, Harry Powilus and Jake Platt, while the guards will be Horace Cole, Larry Cox, Vince Robertello, John Schaffer, Joe Martino and Art Schiller. The centers ready are Dick Wolslayer and Barry Buzzard.

### Backfield

The Warriors backfield will be composed of either Billy Lewis or Gary Rumberger at quarterback, Billy Race, Joe Simms or Art Schleicher, halfbacks and John Brunner, fullback. Earle Faunce, Riney Summerfield are also slated for backfield duty.

### Blasts NCCA Probing Way

**BOZEMAN, Mont. (AP)**—The president of Montana State College has accused the NCCA Council of violating accepted legal procedures by failing to give a fair trial to schools accused of rules infractions.

Dr. Ronald R. Renne said the NCCA's ruling placing MSC on a two-year probation was based on rumor and partial information. Walter Byers, executive director of the NCCA, had said Montana State was put on probation for offering improper aid to a prospective student-football player and later withdrawing that aid in an improper manner.

### Field Goals Up In College Ball

**NEW YORK (AP)**—The football rules-makers who sought to encourage field goal kicking by widening the distance between the goal posts have been rewarded with a new record with the season little more than half over.

The NCAA Statistical Bureau has reported that 118 field goals, an all-time major college record, have been kicked in 332 games so far—57 per cent of the major games scheduled. The previous record for a full season for major colleges was 105, made last year.

The distance between the goal posts was widened to 23 feet 4 inches from 18 feet 6 inches. Henley scored half of his team's 66 points to give him a seven-game total of 110 and a 30 point lead over Dale Mills of N.E. Missouri.

Bob Light of Pacific U. completed 11 passes Saturday and the forward passing lead from Ron Costello of Xavier of Ohio. Light has completed 67 passes, Costello, 64, and Jim Kuce of Augustana of South Dakota, 63.

N.E. Missouri's Mills, the 1958 champ, took over the rushing lead with 900 yards after a 145-yard performance Saturday. Right behind him are Larry Jacobson of Kearney State, 898, and Tony Price of Bemidji State, 877.

John Simko of Augustana of South Dakota, led the pass receivers, with 35. Unbeaten Huron was first in rushing percentage (365.4).

Florida A & M led in total offense with 473.8.

## Stroudsburg Visits Catty For LV Duel

WITH a chance to move above the 500 mark in the Lehigh Valley League, unpredictable Stroudsburg High takes on Catasaqua on the Rough Riders gridiron today, starting at 2 p.m.

The Mountaineers of Walter Bjorn, 2-2 in the LV in which the two losses were by a total of seven points, will pin its hopes on a high-flying offense which went into high gear last week against Whitehall.

### New Running Mate

Supposedly hurt by the loss of fullback Davey O'Connor the Mountaineers revealed a new running mate for top-ground gainer Bill Schoonover in Doug Wright. Schoonover and Wright combined last week to lead the Mountaineers to a 38-0 win over the Zephyrs, as each gained ground almost at will.

Bjorn's chief concern is to get O'Connor well enough again to return to the lineup and give him a three-fold offensive weapon, plus the added running ability of sophomore quarterback Warren Loney.

However, O'Connor isn't expected to be ready today and Bjorn will go along with Loney, Schoonover, Wright and up and coming Tom Schatzman.

The Mountaineers line today will have Ray Davies, Barry Bond or Gary Reish at ends; Bob Ford and place-kicking specialist Ron Schulman at tackles; Al Edinger, Al Hennert or Larry Hardy at guards; and tackler deluxe Bruce Imbt at center.

Sure to see duty are linemen Gary Rinker, John Imbt who has recovered from a neck injury and Cleve Keller, Jim Farry, Dave Kresge, Al Morse. Backs ready are John Bayler, John Martin, Bill Metzgar and Jerry Shanley.

### Seek Help

A request was made for men willing to work to come to the matches on Sunday as more help is needed.

The refreshment committee includes Mrs. Catherine Keiper chairman, Mrs. William Laubner, Mrs. Ivan Michaels, Mrs. Floyd Dickinson and Mrs. Lawrence Dickinson. The Shooting Match is for the benefit of the Hot Lunch Program.

### 'No Contest' In Scoring

By The Associated Press

**VINCE** Tesone of Colorado Mines and Garney Henley of Huron, S. D., are making it "no contest" in the individual competition for total offense and scoring honors.

Figures released yesterday by the NCCA service bureau reveal that Tesone, offensive leader for the sixth straight week, leads his nearest rival, Charley Alvaro of the College of Idaho, by 236 yards. Last Saturday, Tesone picked up 152 yards rushing and passing to raise his total to 1,276 yards.

Alvaro added only 40 yards Saturday and his runner-up spot was threatened by Henley, who vaulted from ninth into third place with a 205-yard spurge against Sioux Falls Saturday.

Henley scored half of his team's 66 points to give him a seven-game total of 110 and a 30 point lead over Dale Mills of N.E. Missouri.

Bob Light of Pacific U. completed 11 passes Saturday and the forward passing lead from Ron Costello of Xavier of Ohio. Light has completed 67 passes, Costello, 64, and Jim Kuce of Augustana of South Dakota, 63.

# Bangor Stuns Nazareth, 20 To 0

## Jones Guides Slaters To 4th Straight

BANGOR — Blending speed and power, Bangor High dispatched Nazareth High with decisive authority before the season's largest crowd, an estimated 4,000, at Memorial Park Stadium last night. The final score was 20-0.

In rolling to their fourth straight triumph and remaining in the thick of the Lehigh-Northampton League race, the Slaters controlled the proceedings from bell to bell, running up 13 first downs to the three of the Blue Eagles and out-rushing the invaders from scrimmage 267 yards to 54.

Bruce Jones, diminutive but aggressive halfback, was the guiding light in the victory, slicing through Nazareth defenses with spectacular bursts of speed. In addition to accounting for one of the three touchdowns, he collapsed the Eagles' overhead game by coming up with three of the Maroon's four interceptions.

The host eleven marched from the opening kickoff to a 7-0 lead and never was seriously challenged thereafter. Jones' exhibition of fast traveling began equally as early, with his 15-yard return of Bill Shook's tee-off to the 19 igniting the drive.

Alternate With Jones, Lou Joella, Sal Mollie and Bobby Dawe alternating in the lugging, Bangor elicited for first downs on the Bangor 45 and Nazareth's 41, 29, the latter achieved despite a 5-yard interception, and 9, with Mollie breaking away for the last 19 yards. Then Joella tallied up the middle and Mollie booted the point.

Nazareth was unable to move and Bangor was pounding on the door again in the second period, advancing from Bangor's 48 to the Eagles' 14 before a Mollie and penalty upset momentum and permitted Nazareth to acquire possession on downs.

The Slaters' ultimate effort, and best output, was in the closing half, however. Jones' interception of a pass on Bangor's 46 tipped the scales midway in the third. Although the Slaters were stalled temporarily, they rebounded again on another interception by the lithe halfback. Picking off the ball on Nazareth's 29, he raced it down to the 2 and then rammed it across on his second effort. Again Mollie converted by placement.

31-Yard Runback Jones' 31-yard runback of a punt by Lynn Rothrock got the Slaters on the beam again late in the same frame. Turning into the stretch, they hammered down to Nazareth's 2 before a last down bobble, recovered by the invaders, averted a breakthrough.

This merely proved to be a postponement of the inevitable. Bangor regained possession on Rothrock's boot, with a 13-yard return putting the ball in play on the 34. After a 3-yard pick-up by Mollie, Joella cut loose for 19 yards and a first down on the 12 and then Jones cut loose to the 1. Mollie, on fourth down, garnered the six-pointer but Mollie's place-kick veered off to the left, no good, and the count stood at 20-0.

When Nazareth endeavored once more to swing into forward gear, Bangor came up with still another interception, this by Larry Albert. After going for a first down, the Slaters, operating with reserve talent, were stalled and punted to Nazareth, ending the action.

Bangor's offense not only was crushing, its defense was rock-ribbed throughout. Nazareth failed to organize anything that resembled a drive and only once got as far as Bangor's 30-yard line while in possession.

## Cuban Whips Ortega In 10

NEW YORK (AP) — Florentino (The Ox) Fernandez kept marching forward with superior strength and heavier firing power Friday night to win a split 10-round decision over Gaspar Ortega for his 22nd straight victory.

Fernandez weighed 146, Ortega 147. It was the unbeaten Cuban's second straight over the Mexican Indian whom he had dropped twice while winning a unanimous decision Sept. 11 at Miami Beach.

## Shrine Low In Take In Charity Tilt

DETROIT (AP) — The Shrine Crippled Children's Fund got only \$14,792 from a charity exhibition football game is sponsored here between the Detroit Lions and the Cleveland Browns, while the National Football League teams picked up \$40,000 apiece as their share.

This was disclosed Friday in an accounting of Modern Shrine Football, Inc., which promoted the game that drew 33,435 to 54,000-seat Briggs Stadium.

"We didn't expect miracles the first year," Elmer A. Clark of Ann Arbor, game chairman for the Shrine, told newsmen. "I think everyone was happy with the game and we will be able to set up something with the Lions so we get a better share in the future."

"We wouldn't enter into the same type agreement again, but I think the Lions will come down to a charitable figure."

## Circus Roots For Tufts

WINCHESTER, Mass. (AP) — Residents of this sedate Boston suburb may be expected to raise their eyebrows slightly Saturday. That is, when a truck pulls up at the home of Charlie Eaton.

Charlie is going to have a visitor—an elephant.

Charlie, who is a Harvard man, will be one of the first persons ever to take a real elephant to a football game—and with a hurry-gurdy, yet.

It just goes to show how loyal a Harvard man can be to another school, because the football game is going to be at Tufts University in Medford-Tufts versus Amherst.

But Eaton's son goes to Tufts, and when somebody got the idea it would be nice to have a real, live elephant for Tufts Homecoming Day Saturday, Charlie combed the countryside and found one in Old Orchard Beach, Maine.

You see, Tufts has an elephant for a mascot, but it's only a dead one: the stuffed hide of P. T. Barnum's great elephant Jumbo. And even the most ardent Tufts rooters couldn't quite see having a dead elephant at the game as a mascot.

Bangor's offense not only was crushing, its defense was rock-ribbed throughout. Nazareth failed to organize anything that resembled a drive and only once got as far as Bangor's 30-yard line while in possession.

For Grouse Marcellus, melt 1½ sticks butter in frying pan and when it begins to sputter add 2 cloves garlic finely chopped, 3 shallots finely chopped, 3 cloves, 7 or 8 peppercorns, 1 bay leaf and 1 teaspoon salt. Let mixture simmer for 10 minutes, stirring frequently.

Raise heat and saute breasts of 4 grouse until brown. Add 2 cups white wine, cover skillet and simmer 30 minutes. Remove meat, strain sauce and return to skillet. ## Plan To Protest Akins Setback

ST. LOUIS (AP) — Eddie Yawitz, co-manager of former welterweight champion Virgil Akins, declared Friday he plans to protest Akins' argument-strewn loss to Kenny Lane in Washington, D.C., Wednesday night.

"I want either a reversal of the decision which went to Lane or the fight ruled a no-decision," said Yawitz. "Either way, I want a rematch within 60 days."

Yawitz said he would base his protest to the National Boxing Assn. and the Washington, D.C., Boxing Commission on the ground that Lane's seconds were permitted to patch up his battered right eye during the third round.

Lane appeared to be on the verge of defeat in the third as blood poured from the gash, but while in physician David Gordon examined the eye, the southpaw's seconds patched it up. Referee Ray Bowen ordered the fight resumed and Lane won on a split decision in 10.

## NFL Reaches Half Point With Leaders In Trouble

By The Associated Press  
THE NATIONAL FOOTBALL League season reaches the midway point Sunday with the three top teams all in trouble spots. The 1958 champion Baltimore Colts and the San Francisco 49ers are tied for the lead in the Western Conference with 4-1 records and the New York Giants, losers in last year's title game, top the Eastern Conference with the same mark.

The Colts take on the Cleveland Browns, only a game behind the Giants in the East and the Giants face the Green Bay Packers, just a game back of the Colts and 49ers.

San Francisco appears to have an easier task at home against a Detroit club that has lost four out of five games. But the Lions knocked over the Los Angeles Rams last week.

The Rams entertain the puzzling Chicago Bears this week. The Philadelphia Eagles, tied with Cleveland for the runner-up spot in the East, are at home against the Washington Redskins and the Chicago Cardinals entertain the rugged Pittsburgh Steelers.

Meet Snowed Out  
BOULDER, Colo. (AP)—A cross country meet scheduled here Saturday morning between the universities of Colorado and Nebraska was canceled Friday. The track was covered with four inches of snow.

Seeker Fraser  
SYDNEY (AP)—Jack Kramer was reported Tuesday to have made a bid approaching \$27,000 to get Davis Cup star, Neale Fraser to turn professional.

## Stroudsburg Native Returns From Overseas To Take Civilian Personnel Post At Depot

TRUMAN J. NEWHART, who took over as civilian personnel officer at the U. S. Army Signal Corps Depot in Tobyhanna this week, is on his first stateside job in more than 17 years.

His overseas odyssey began in March, 1943, when shortly after completing Officer Candidate School at Fort Benning, Ga., he was assigned to Algeria as an infantry officer. As the war moved on, he also saw service in Italy and Austria.

At the end of World War II, he was a major with the U. S. Allied Commission in Austria. Taking his Army discharge in Europe, he entered Government work as a civilian, first in Austria, then at numerous stations in Germany.

His last German assignment was with Stuttgart Post, the

job now held by former depot personnel chief, William C. Gibson, Jr.

Except for occasional vacations in the United States, Newhart's overseas employment was continuous.

His decision to take a job at the depot was prompted by three things: Better educational opportunities for his three children; his wife's desire to make a home in America (she's a Russian exile, now an American citizen), and his own wish to return to his native environment.

Newhart was born in Stroudsburg and his father, a retired machinist, still lives in this area.

While attending Stroudsburg High School, Newhart played guard on the varsity football team. Graduating in 1935, he went to work in

the advertising department of the Morning Sun, an East Stroudsburg daily newspaper, now defunct.

When he left for military service in June, 1942, he was the company's personnel manager.

In recent months, Newhart had other job offers in this country, but says, "This is the only part of the United States I care to live."

In the few days since his return from Europe, he has been able to renew some old friendships and reacquaint himself with the area.

Next Spring he also hopes to reacquaint himself with some of his favorite Pocono Mountains fishing streams.

The Newharts are renting a

house in Mt. Pocono, but sometime soon they plan to build their own home. They own land in Reeder and Anamink.

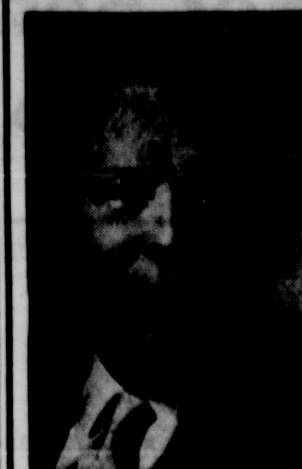

After nearly two decades of overseas service as both soldier and civilian, the Depot's new civilian personnel officer, has come home to stay.
